February Meeting A talk on RFI

Dan Matyja WA6PZB

Please join us at our EARN February meeting and hear about RFI from our guest speaker Brian Thorson, AF6NA. Brian, is an expert when it comes to Electro-Magnetic Interference. His presentation talks about ordinary appliances we use everyday, that create interference on our radio equipment. Also, he will be talking about the delivery system and support structures SCE uses to deliver power to our homes. Don't miss out on this informative program, hope to see you on Wednesday night **February 3rd at 6 PM.**

EARN Membership

Dan WA6PZB

We are updating all of our membership lists and it would be very helpful if you

could go to the W6SCE web site (www.W6SCE.org) and click the "MEMBERSHIP" link at the very top of the page and fill in all your current information. We are including the current list in this issue. If you are already on the list in this issue and everything is correct then you do not need to submit another form.

A Message from our President

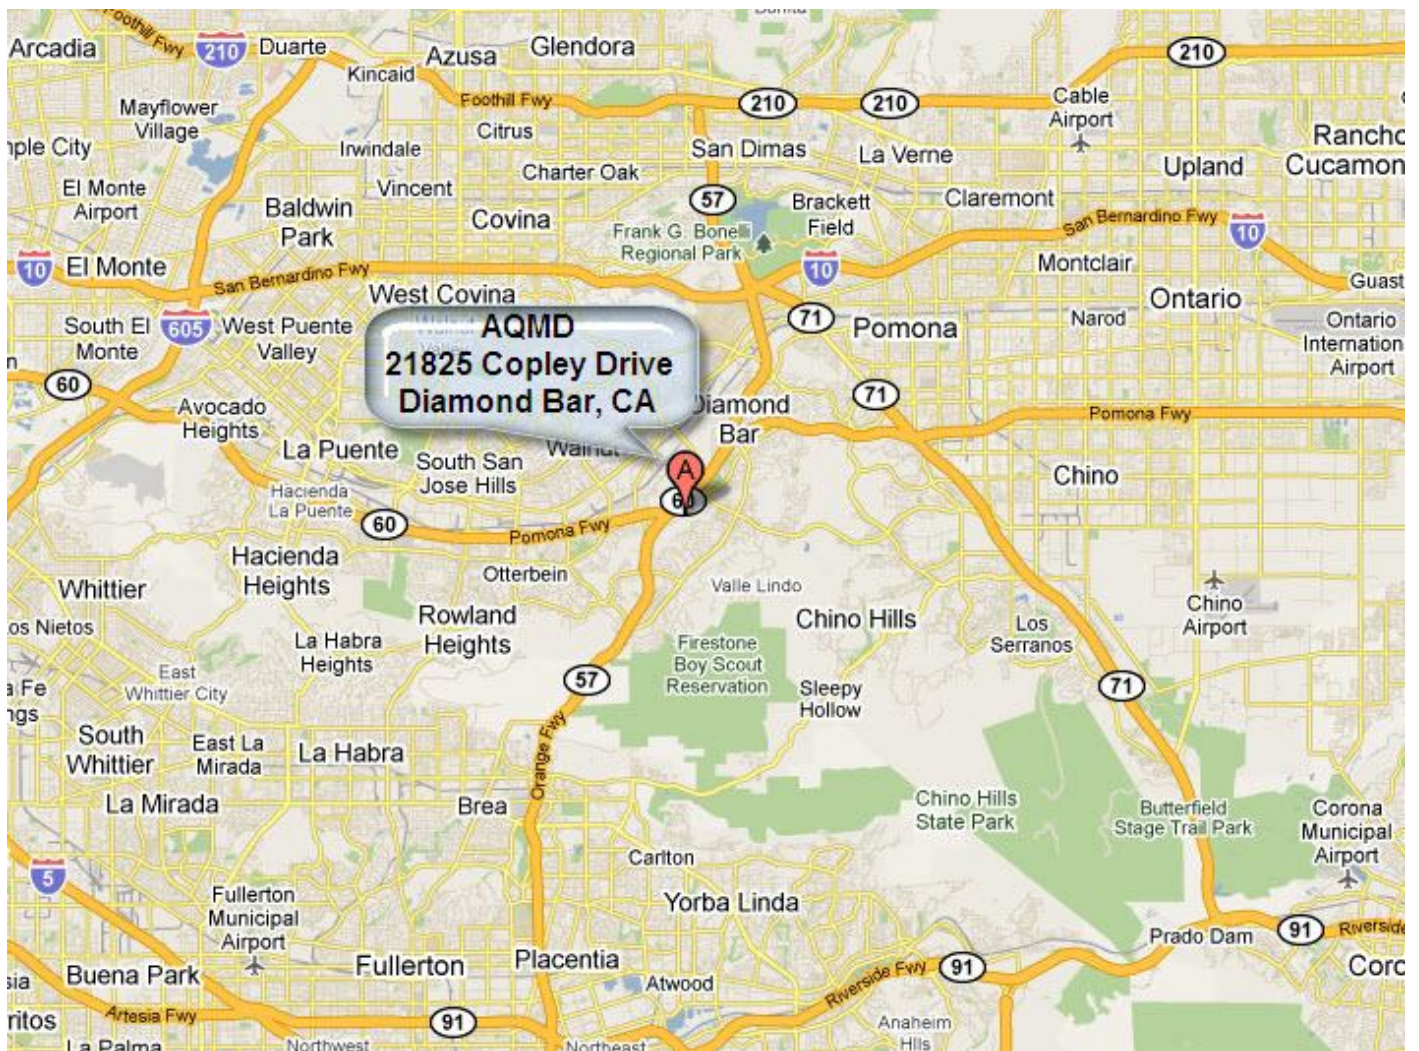

David KE6WYM

Have you paid your 2010 dues yet? We are trying to raise enough funds to acquire another repeater controller and could use your help by way of your dues or donation. Please contact Hugh Headlee, N6SAY about dues and donation. I look forward to seeing everyone Wednesday night February 3rd at 6 PM at the AQMD building in Diamond Bar, 21825 Copley Drive.

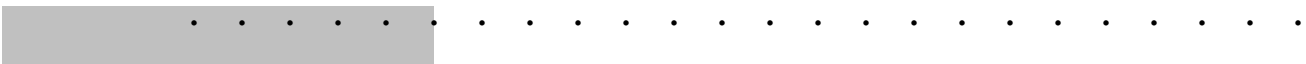

.....

Here is the map to our meeting place in Diamond Bar...

Enter the AQMD facility from Copley Drive and part near the entrance as indicated below. The lot is usually clearing out by 6 PM and there should be plenty of parking close to the front door.
